What can the CPAG Liaison do for your County?

Coordinate

- Identify resources needed by counties and CPAG members and facilitate the research, development, and distribution of these resources to all counties.
- Maintain strong communication to keep you informed of what is happening throughout the state as counties develop their CPAG’s
- Training at the local, district, and state level that supports operating of CPAG’s

Coach & Counsel

- Work with your Extension staff and County Extension Education Committees on
  1. Identifying a diverse membership for CPAG’s
  2. Establishing local operating procedures
  3. Being there for you on an ongoing basis
- Share with counties what is working well in other counties and how it could be adapted for your county
- Provide insight into the scholarship of your CPAG work to support you as a faculty member and in the tenure process

Create

- Web based resources
- Newsletters, media releases, presentation materials sharing CPAG successes
- Documentation and sharing of best practices in working with CPAG’s
- Evaluation tools available for counties to evaluate the success of their CPAG
